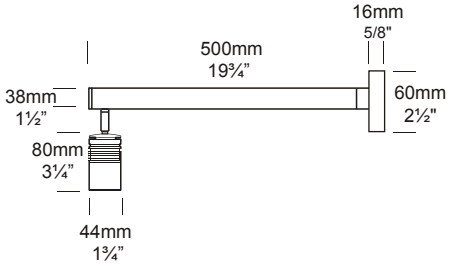
Euro Sign Lite

Cat. No. ESGNL



The Euro Sign Lite is an extra compact luminaire designed for situations where the fixture needs to be very unobtrusive or concealed. This luminaire has been developed for lighting signs, wall displays, building highlights and external barbeques.

This luminaire has a fully adjustable head allowing 360 degree rotation and 90 degree elevation. Hunza Euro fixtures use miniature MR11 lamps to achieve a contemporary, discreet appearance but are still able to provide excellent illumination.
