

Tier Lite Wall Mount

Cat. No. TLWM

Cat. No. TLWM/R

Cat. No. TLWMG9

The Tier Lite Wall Mount is a wall-mountable version of the Tier Lite. This luminaire provides 360 degree illumination on a horizontal plane, without projecting any light upwards and is ideal for lighting areas such as porches or entrance ways.

The Tier Lite Wall Mount is available in 316 stainless steel, copper and powder-coated aluminium and comes standard with a 260mm hood.

The Retro™ is a 110/240-12 ac mains option suited to an installation where mounting a transformer is a problem, e.g. a brick wall where there is only the cable protruding out of the wall and it is not an option to recess the transformer or when replacing an existing light fitting. The base increases in size to accommodate the encapsulated IP66 dimmable transformer.

A G9 version of this luminaire is also available for line voltage lamps.
